

**VIDEO RELEASE FORM 2020  
(optional)**

Because of the unique conditions of our given year, videos will be made often at the end of each class, and emailed directly (and only) to the family of the student who was missing from class that day by their teacher. This is our plan as to how to help the student who stayed at home (out of courtesy to others) not miss out too much, and to be able to keep up with choreography. We hope you will aid us by signing this waiver, giving permission for your dancer to be in this video of her/him demonstrating the choreography with others in her/his class.
